DID YOU KNOW?

Humanity is currently **consuming 50%** more natural resources than the earth's ecosystems can replenish* and the beauty industry does not make it better.

WEDO/ PROFESSIONAL is a eco-ethical haircare brand that is on a mission to help people **transition** to a **happier, healthier, & more responsible** lifestyle.

VEGAN SOCIETY CERTIFICATED

In 1944, The Vegan Society **created the word 'vegan'** - their Trademark is the **authentic international vegan standard**. One of the **oldest** and **most respected** vegan organizations in the world.

CRUELTY-FREE INTERNATIONAL APPROVED

The **global gold standard for cosmetics products**. It is the **only internationally recognized** certification that requires:

- 1. A supplier monitoring system** to be implemented by the brand.
- 2. Checks for animal testing** down to **ingredient manufacturer** level of the supply chain.
- 3. Regular independent supply chain audits** to ensure compliance.

PROFESSIONAL PERFORMANCE

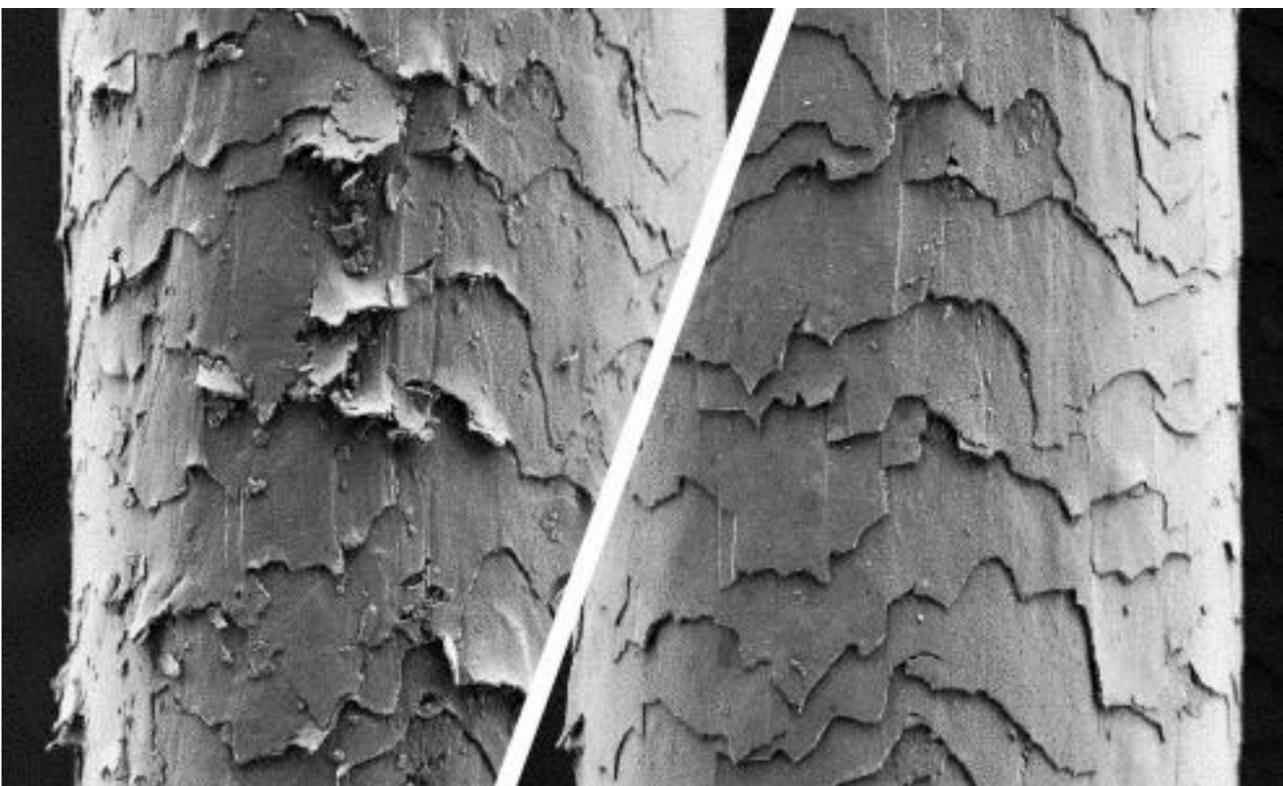

2 PATENTED TECHNOLOGIES

WEDO/ INCLUDES SPECIAL TECHNOLOGIES THAT ARE PARTICULARLY EFFICIENT IN CONDITIONING HAIR

- **A sulfate-free cleansing** technology for shampoos that makes them particularly gentle
- **A silicone-free conditioning technology** for conditioners & masks that naturally envelop the hair fiber

RESULTING SUPERIOR WET CONDITIONING ON HAIR

hair fiber before

hair fiber after the
use of **weDo/ conditioner**

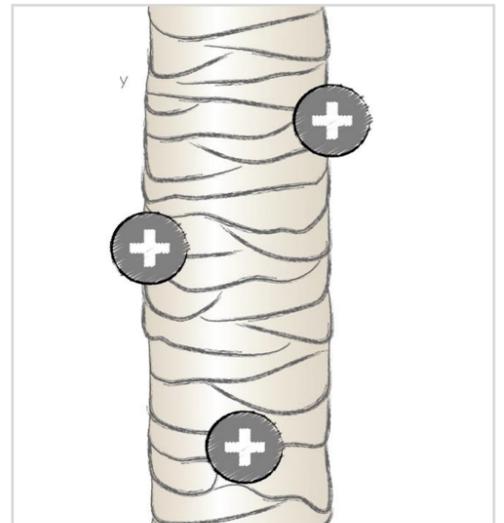

OUR SILICONE-FREE CONDITIONING TECHNOLOGY

HOW IT WORKS?

TRADITIONAL TECHNOLOGY WITH SILICONES

Silicone conditioning technology deposits on hair **thanks to cationic charge**

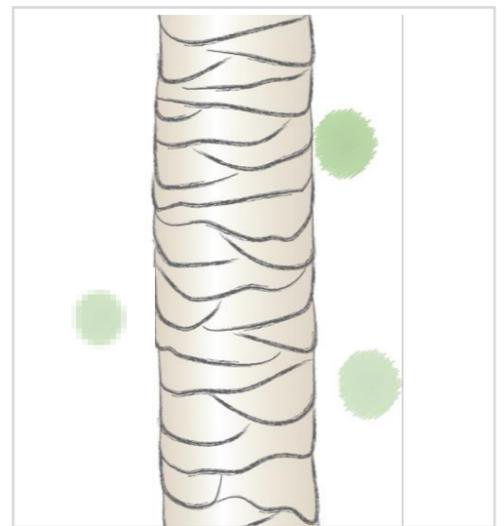

Result: Smooth hair that feels conditioned (with the help of silicones)

BUT REPLACING SILICONES CAN BE DIFFICULT TO ACHIEVE

Natural conditioning agents often lack charge and therefore **don't deposit as effectively** on hair.

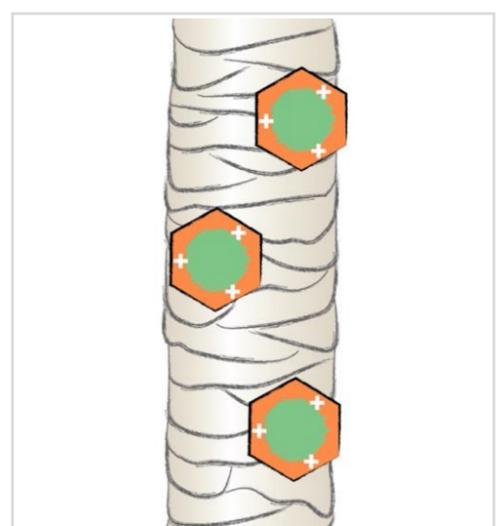

Result: Hair does not feel as smooth or conditioned

WEDO/ NATURAL-DERIVED TECHNOLOGY WITHOUT SILICONES

weDo/ offers a **unique cationic carrier system** that enables natural conditioning agents derivatives to effectively deposit on hair.

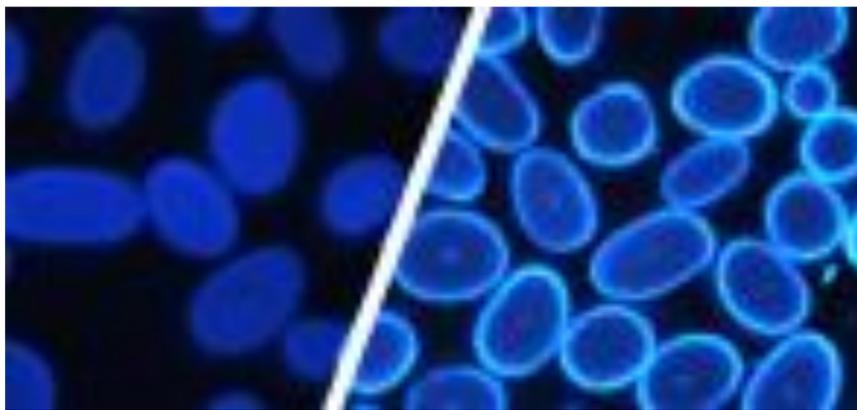

Result: Smooth, conditioned hair with natural origin conditioning agents

WITH POWER FROM NATURE

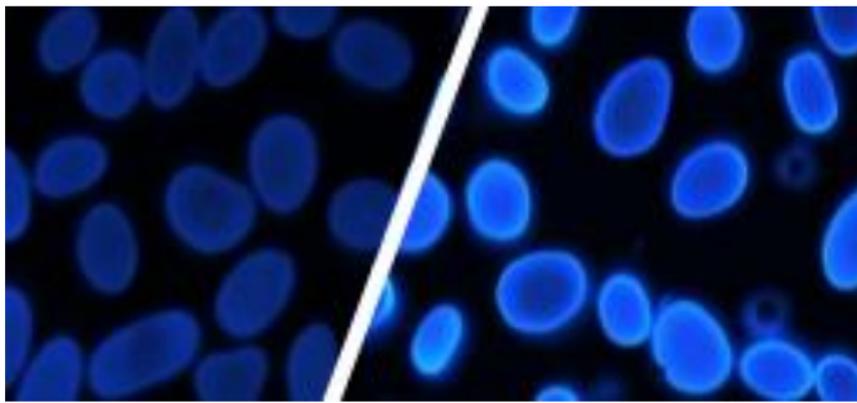

Many of our natural ingredients like murumuru butter, cupuacu butter and macadamia oil penetrate the hair fiber and instantly nourish the hair.

Visualization of penetration into the hair fibers over the hair cross section with a higher concentration at the cuticle area with fluorescence microscopy:

good to know
SHAMPOOS

WHO SAID CLEANSING MEANS FOAM?

WeDo/ shampoos are **designed without any sulfates**, with minimalist formula.

Instead of sulfates, our shampoos include **natural origin cleansing ingredients!** Not only they cleanse, but also condition hair simultaneously.

This technology foams less vs. traditional shampoos. If hair is dirty, the first shampooing does not have a lot of foam because the surfactants are *busy cleaning, not foaming*. Once hair is cleaner, more foam appears.

good to know

SHAMPOOS

DO IT RIGHT!

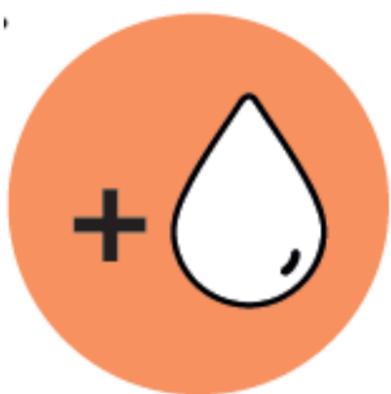

OUR SHAMPOOING TIPS

1.

APPLY EVENLY TO SCALP FROM DOWN TO TOP OF THE HEAD

Apply product first below and then to top of the head – make sure you apply shampoo on nape and occipital area (back) and sides.

2.

ADD WATER AS YOU LATHER AND MASSAGE

This will generate more foam!

3.

IF HAIR IS DIRTY, SHAMPOO TWICE

Pre-shampoo the hair first **with a small amount** and then do the **second shampoo**.

good to know

TREATMENTS

FORMULATED WITHOUT SILICONES

Instead of silicones, our formulators have mixed **natural origin ingredients** (olive oil derivatives, Amazonian butters...) to smoothen the hair in a more natural, still efficient way.

Note that natural treatments are rich, and therefore you might need to use less product vs. what you've used to.

NO SILICONES, YET AMAZING DETANGLING

NO PLASTIC SHAMPOO	86
HAIR END BALM	93

Why not 100% natural origin ?

- All products have a synthetic “Clean label” fragrance (up to 0.9%) to ensure an extremely low level of allergens.
- The remaining % of synthetic ingredients for some products is necessary to ensure the right preservation and high quality in-use performance.

NATURALLY ACTIVATED

Bamboo leaf water and Rooibos leaf are naturally activated (also known as fermented). This process allows a natural change of ingredients in which they are broken down and/or changed for enhanced bio-availability to the skin and hair.

FRAGRANCE

A SCENT THAT **SPEADS HAPPINESS**

All WeDo/ products (except Protect Balm) have our fresh signature fragrance. It's designed to lift your mood & make you feel happy!

It opens with sparkling and zesty grapefruit and petit grain accents that bring color and solar energy. The dewy floralcy of cyclamen and muguetis blended with bright and crisp marine notes. Orris and musky notes extend the smoothness and the sophistication of the petal signature.

It is a *Clean label fragrance*, meaning that it has **extremely low level of allergens**.

This makes products available for use for the widest possible population and not to exclude people with intolerance to certain fragrance allergens.

The tapioca starch contained in cassava roots has been used as an herbal remedy as a sores treatment for skin and it is used in developing countries to fight dehydration.

FOR HAIR & HANDS MOISTURIZING DAY CREAM

HAIR AND HAND
CREAM
97% Natural origin

Moistures, softens and provides manageability. Leaves hair silky and shiny all day. With murumuru butter. Great for unmanageable frizzy hair, and you will like it on your hands too! (100ml)

HOW TO USE

Apply to clean, damp hair lengths and ends. Start with only a peanut-size, add more if needed. Blow dry or let it air dry.

Keeps your hands hydrated for up to 2h. It absorbs quickly into the skin to prevent any tacky feel.

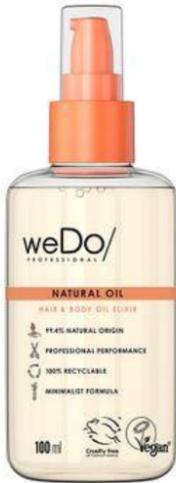

Great for using anytime during the day.

Contains Murumuru butter, a known moisturizer in creams for skin and hair

LEAVE IN

FOR HAIR & BODY NATURAL OIL

HAIR & BODY OIL ELIXIR **99.4% Natural origin**

This composition of natural oils instantly nourishes hair, leaving it soft and shiny with anti-frizz effect.
(100ml)

HOW TO USE

Natural oils are rich! A tiny bit is enough! Apply on clean, damp hair lengths and ends. Try it on your skin too for a pampering effect.

A composition of 5 essential oils:

Macadamia Seed Oil
Sunflower Seed Oil
Avocado oil
Camellia Seed Oil
Sweet Almond Oil

Upcycled ingredient: The macadamia oil is a by-product of the macadamia nut food industry

LEAVE IN

FOR ALL HAIR TYPES DETANGLE

DETANGLING SPRAY
99,6% Natural origin

Boosts your hair manageability and gently nourishes your hair with a touch of shine. With **Macadamia oil and naturally activated bamboo water**. We love it before styling!
(100ml)

HOW TO USE

Spray on clean damp hair and comb through. No need to rinse.

Macadamia oil is known for providing softness and moisturization for hair

LEAVE IN

HYBRID FOR HAIR & LIPS PROTECT BALM

HAIR ENDS & LIP
BALM
**93% Natural
origin**

Seals split ends and provides protection from further damage. With sweet almond oil.
